

FAQ	Answer
<i>How will we Clean gear for U9, Can my Child Bring their own gear?</i>	<p>Intro to Hockey there will be NO Goalies in the development season. Once we move back to the regular season each team will be distributed a set of goalie gear and they will start rotating the position as they have in past years as AHS allows</p> <p>U9 Players interested in goalie who have their own gear will be offered a Goalie Combine to be scored, some professional development opportunities designed to keep them engaged and gear them up for their u11 Season.</p>
<i>What will the Goalie season look like for WBHL goalies (U11, U13, U15, U18)</i>	<p>Pre season will look fairly normal as we have requested Goalie development sessions and then they can also participate in skater sessions. We will also have a regular Goalie Combine to tier the Kids as we do each year. This is where things change - In a normal year we would put them into Scrimmages - then draft and build teams</p> <p>This year we will be putting them in development groups - these groups will be a random mix of positions - some groups will get a Goalie some may not. Teams and coaches will need to adjust their plans with what they get.... We will "up" our Goalies level of play to ensure we are doing the best by their own development, and continue to offer professional development.</p>
<i>Can my player attend Peak and or school Academy's</i>	<p>Our understanding is this is a part of the school programming and therefore falls under the school cohort program. However, as the guidelines are vague - it's really important for each family to make the best decision for their family. FMMHA will not be restricting players from joining school cohorts. It is important to understand AHS recommends any person can only be in one Sport Cohort.</p>
<i>Can my player attend Private Ice or events with their Spring hockey teams?</i>	<p>No, This is not allowed as per AHS as both teams would be considered a "Sport Cohort" - you would at this point need to make a choice between both groups.</p>
<i>Can my player attend Camps and development opportunities, local or otherwise, that are outside of minor hockey?</i>	<p>yes, as long as these camps are done "physicaly Distant" and not through the Cohort approach.</p>
<i>What is the minor hockey refund policy?</i>	<p>Minor hockey is supportive of each family making the best choice for their child and a full refund can be requested up until October 30th.</p>
<i>Can Coaches be assigned to more than one Hockey team or play on a gentlemen's league?</i>	<p>Yes, Coaches DO NOT need to be Cohorted with a team. If they are NOT a cohort coach they must remain physicaly distant from players and wear a Mask anywhere they cannot maintain that distance such as the dressing room or addressing an injury.</p> <p>Minor Hockey will strive to have one Cohort coach for each group. If the coach is considered the cohort coach, they do not need to mask but can only be on one team and may not play men's league.</p>
